Greetings from Wahpeton Breckenridge Chamber Executive VP

There seems to be some confusion on the Mission of the Chamber of Commerce. The Chamber is a non-profit entity that is support to the area businesses that we currently have in our twin towns. Our mission statement is to promote the Wahpeton Breckenridge Area through enhancement of community growth and business development. We also plan events to get traffic and people into our Communities. We plan many events to try and capture that. Community mixers are open to the public to show case what we have to offer and who they are.

Committee Opportunities are Retail Business Promotions Christmas, Crazy Daze, Head Waters day, and blue goose. The Committee deals with issues of Government including Federal, State, County and City. We monitor bills that have an impact on the area and host Coffee with the Legislators’ program. Our next Coffee with the Legislators will be February 18th at 10 am at the NDSCS Red River Valley room. Also we will host one on March 18th at 10 am at Dakota Coffee. Please make your calendars as we have some very important bills coming up through legislation.

Ambassadors also act as a good will group to enhance the Chambers and area’s image. This committee participates in many functions including welcoming new businesses to our community, sponsoring Community Mixers, maintains the float, and sponsors an annual golf tournament with lots of volunteerism at other events.

Your Chamber of Commerce is run by its members. They elect a Board of Directors that determines policies and sets goals. A president presides over all board meetings. Your day to day operations are handled by an Executive Vice President.

If you have any questions, ideas or comments please contact me Wanda Seliski at 701 642-8744 or stop by our new office. Thanks we are always looking for new ideas to grow our Community.

Thanks

Wanda Seliski, Executive VP

Purpose
The Wahpeton Breckenridge Area Chamber of Commerce Young Professionals Network exists to create business opportunities, support civic involvement and promote an overall investment in the future of the community.

Mission
To cultivate an informed and involved young professional community in the Wahpeton Breckenridge area in order to retain and attract young and diverse talent.

Objectives
- To foster a sense of responsibility for the current and future progress of our communities
- To create an environment where young professionals have influence
- To provide opportunities to develop the skills needed for professional success
- To enhance personal development
- To interact professionally and socially with peers
- To build awareness of governmental issues at all levels

Structure
As with all other Chamber groups, programs, councils, committees, the Chamber's Bylaws would apply to the YPN. The YPN is a program of the Chamber, not a committee of council. The YPN will be under the direction of an Advisory Council (5-6 members) appointed by the Chamber Executive Vice President, working with the Chamber staff as designated by the President/Executive Vice President. Advisory Council members would serve 1-year terms.

Administration and Organization
Application: Open to all individuals ages 21-41 who work, live or spend time in the Wahpeton Breckenridge community. Annual investment:
- $25 – Employer is a Wahpeton Breckenridge Area Chamber member
- $25 – Students (must be 21)
- $50 – Employer is not a Wahpeton Breckenridge Area Chamber member

Activities
The activities of the YPN would be at the direction and discretion of its members as long as such activities: 1) do not duplicate existing Chamber activities, events and programs that are already available to the general public; and, 2) do not conflict with the Chamber’s overall Bylaws, mission and objectives.

WE CARE CAMPAIGN

What is the WE CARE Campaign?

WE CARE about the kids in Wilkin County being alcohol free and want to tell them that! Our campaign will bring awareness to the dangers of underage drinking and the repercussions of providing alcohol to minors. Through the campaign we hope to:

- De normalize alcohol use among underage youth by showing them that our community does NOT think it’s ok to provide alcohol to minors.
- Create a united force of community members who care about our youth and want to show them that being alcohol free is important.
- Show youth that there are many positive role models in the community who care about them, their health, and their safety.

We will get our message out through signs, posters, newspaper and radio ads, banners, and red lights! Look for our message and our red heart logo everywhere in the community!

We also asked area businesses to take the “WE DARE YOU TO CARE” pledge. By taking the pledge they agreed to hang WE CARE posters in their store windows, wear WE CARE buttons, and some even ordered WE CARE t-shirts and will display WE CARE on their business marquees! The City of Breckenridge took the pledge even farther and will be decorating the lamp posts that line our main streets with red lights to show their support! And our teachers are some of our biggest supporters, wearing our We Care T-shirts and constantly showing kids they care!

Closing the Gap
Comparing Parent & Student Survey Results
YCPC surveyed Wilkin County youth and parents in separate surveys in 2015. The findings may fascinate you.

- 82% of parents believe that youth used alcohol in the past year
- 70% of students did not use alcohol last year

What does this mean? Our youth are much better behaved than we give them credit for. The large majority are making good decisions about what to do with their free time. Celebrate YOUTH & continue to notice their efforts.

- 82% of parents do not approve of their children using alcohol in their home under their own supervision
- 86% of parents would not allow their children and/or their friends to drink alcohol in their home
- 95% of parents believe it is harmful for youth to drink
- 100% of parents do not believe it is ok to host a party and provide alcohol to youth even if they are not driving

It turns out that parents are less permissive than you may have thought. The large majority of parents agree that youth and alcohol don’t mix.

- 77% of students feel their community takes their concerns or ideas seriously
- Over 95% of students feel safe in their home and community
- 94% of students feel supported by their parents

We live in a community where most kids feel safe and supported.

A Final Note
Over 90% of our 8th, 9th, and 11th grades have not misused Rx drugs, and 100% report NO HERION USE, and NO METHAMPHETINE USE! (Source: 2016 MN Student Survey)

5 REASONS FATHER-DAUGHTER RELATIONSHIPS ARE IMPORTANT
1. Dads influence their daughter’s self-image.
First and foremost, dads should always tell their daughters how beautiful they are and help their daughter develop a good self-image, while also reminding them that inner-beauty is more important than outward beauty.

2. When dads encourage their daughters to dream big they empower them for the future.
Dads can’t underestimate the influence they can have on their daughter’s life by encouraging them to dream big dreams for themselves. Yes, they may receive this encouragement from their mom, from teachers, and even from peers, but they most definitely need to hear it from their dads too.

3. Dads set the bar for future dates.
When it comes to dating, dads set the standard for how dates should treat their daughters. Dads can set the bar high by taking their daughters on dates when they are little girls and pre-teens. When a dad opens the doors for his daughter, engages her in good conversation, and treats her with respect, then she will naturally expect that from anyone who wants to date her.

4. A Dad who is involved in his daughter’s life teaches her that she matters.
One of the most important things a father can do for his daughter is just show up. Dads are notorious for wanting to fix all their daughters’ problems, but more important than fixing problems, is just being there and offering a listening ear, giving a hug, and promising to love her no matter what. Simply showing up at big life events, whether that’s ballet or a basketball game, is important too. Whatever it is, be there, and show her that she matters.

5. A daughter who has a protective father feels safe.
Daughters may roll their eyes when their dad acts overprotective, but she will appreciate knowing that you have her back no matter what. She’ll know that she can call you at any hour of the day, and you’ll be there when she needs you.

If you would like to join in our “FIGHT” against cancer and SING in
our event, contact Kim Peterson 701-403-0348 for details.

Karaoke song books will be at Eagles Lounge 2 weeks before for singers to pick out their songs.
Hello, my name is Kim Peterson and I am a Cancer Survivor. I am once again joining the fight against Cancer with Richland/Wilkin Relay for Life. My relay team name is “The Sunshine Gang” and we are getting ready for our 7th annual “Karaoke for a Kure” fundraiser. We would love it if you would be one of our singers. Here is how it works,

You choose 2 songs you would like to sing. People in the audience will come up and put money in the boxes of their favorite singers. (We will make the boxes and put the names of each singer on them) The Singer that has the most money in their box at the end will WIN $100.00 and a “Karaoke for a Kure” T-shirt!!!

Before the Event all singers are allowed and encouraged to raise money by asking friends and family co-workers etc, to support you in your effort in “singing for a Cure” with a donation for Cancer. Checks can be made out to “American Cancer Society”

You turn in this money the night of the Event and we will put it in your box. We have had Singers do FABULOUS fundraising before the night of our event and our THANKFUL for their efforts!!

Event will be held at the “Eagles” February 24th start time will be 7:30pm

All the money raised for this Event will go to the “American Cancer Society”

Please contact me if you would like to join us in the “FIGHT” against Cancer and have a lot of fun doing it!!
